### Chuck Newton

Civic/Volunteer Sector Representative Chuck Newton says he is a member of Stand UP Cass County because *“working together, we can help to make Cass County an even better place: reducing or eliminating drug abuse and making the community safer and healthier for all.”*

He worked for Logansport Savings Bank from 2014 to 2019. During his time there he got involved in Kiwanis, and he is a member of the Local Coordinating Council. He is passionate about child literacy, drug abuse awareness, and prevention. He has also been involved with United Way and other community organizations.

His mission is to make Cass County a better place, and to prevent drug abuse!

Thank you, Chuck, for always being such a huge advocate for substance use prevention.
